**SUMMARY:** Graphic Designer, Multimedia Artist/Programmer, 3D Artist/Animator

For the past 10+ years I have worked as 2D/3D artist, motion graphics artist, Macromedia Director and Flash animator and programmer, GUI designer, and producer of compelling client-based projects in interactive CD-ROM, DVD, video, print and web design/internet media. I also have a current Department of Defense Clearance for security sensitive projects. With my wide range of skills and professional experience I can help you deliver high quality print and compelling interactive media products to your target audience.

## **AWARDS / CERTIFICATIONS**
